

TABLE SERVICE IS BACK!

We will be reopening our Patios at Napolita Pizzeria & Wine Bar, Pescadero Seafood & Oyster Bar and Casa Bonita Mexican Restaurant on Friday May 29th. All restaurants will be open for lunch and dinner service daily starting at 11 am. We will resume our weekend brunch service on June 6th at all locations.

Please take note of the following guidelines:

We will be taking reservations for patio dining. Reservations are strongly encouraged as we have limited seating and will only be reserving 1-2 tables for walk in customers.

Seating is limited to 75 minutes for brunch/lunch and 90 minutes for dinner.

We request that a mask be worn until you are seated out of respect for nearby diners and our staff. If you enter the building to use the restroom, a face cover will be mandatory. Only one person will be permitted to enter the building at a time (unless accompanying a minor). We ask that you adhere to social distancing at all times when not at your table.

Please dress accordingly as we will not be able to move parties indoors due to an unexpected change in weather.

Chairs, tables, pens, condiments and all surfaces will be disinfected between groups, so please be extra patient with us as we practice recommended CDC protocols.

We can't wait to see you on our patio soon!
